

Shubhamangala Sunil

CEO, GOCYBEX

Prepare To Protect

An initiative of **Global Cyber Security Response Team**

**ANTI-TERROISM SPECIALIST | CYBER SECURITY EXPERT | TRAINER |
MOTIVATIONAL SPEAKER | ENTREPRENEUR**

Introduction

Shubhamangala is a highly experienced information security professional, and one of India's foremost experts in cybersecurity. Over her 20-year career, she has managed and delivered information security projects and services to organizations from SMEs to large companies and multinationals. Shubhamangala has also worked extensively with public sector agencies and Government departments in India, Australia, USA Middle East, and South-East Asia. She has advised various Government security agencies, including the Supreme Court of India, The Indian Navy, and the NTPC. She is the only cybersecurity expert with experience in Technical training, Syllabus building, Cyber Security auditing, Forensics, cyber policy building, implementation, and consultant with cyber law who is assisting in cyberspace irrespective of sector/Domain. Currently, she is NATIONAL CYBER Safety and Security Standards Technical Committee Member and a Certified Anti-terrorism Specialist.

Shubha Mangala's expertise in cybersecurity is recognized both domestically and internationally; she speaks regularly at industry conferences like the APWG, STC of USA, NASSCOM, ASSOCHAM, FKCCI, symposiums at the international stage, and conferences conducted at the university level.

She is highly sought after as an expert commentator in the media for stories involving cyber-crime and information security.

She has designed the curriculum for cybersecurity at the National Law School of India University. She has also created the curriculum and the included skill outcomes for M.Tech programs in many universities in India & abroad.

She is one of the recognized Consultant in cyberspace

Mrs. Shubhamanagala Sunil, the CEO of GCSRT Pvt Ltd., has ventured into all the aspects of the Cyber field. She is a professional, who is an Anti-terrorism certified specialist, skilled and qualified with an industry expert in handling Cybercrimes, law, Security Auditing, Forensics, and Cyber Security Business management. She makes sure that all the trainers are updated regularly and gives the opportunity to them to explore all the aspects of their interest which makes the company one of its kind. She is a proud American Ambassador in Asia for APWG - Anti-Phishing Working Group
